CAT® SERVICE INFORMATION SYSTEM (SIS)

Easy Access To Information On More Than One Million Parts

Service Information Systems (SIS) Web is the electronic service tool that Caterpillar dealers, customers and employees rely on for their parts and service information needs. SIS Web covers information for all Caterpillar products from 1977 to date.

The information in SIS is the equivalent of over 25,000 books. With over 2 million graphics and more than 1.5 million part numbers, SIS contains 44,000 parts and service documents. Available with easy web access subscription or USB disconnect subscription (no internet access).

To obtain access to Basic SIS Web from HOLT CAT® (at no charge) simply register online at: http://www.HoltCat.com/parts_service/parts.aspx

Once registered, you will have instant access to PartStore and a basic version, which includes kits, parts and safety.
